

# LCD Display Power Supply

## Protek 3003/3005 S D T Series

**Protek**  
It measures even what you think!

### Features (3003/3005 S Series)

- It adopts SMD adhesive sheet element technology
- Liquid crystal displayed voltage and current
- Stable voltage and current displayed by liquid crystal screen
- Wanton choice of green, yellow liquid crystal back light
- Automatic conversion of stable voltage and current
- Multi-loop type high precision voltage regulation
- Progressive current regulation
- With expansion outlet terminal

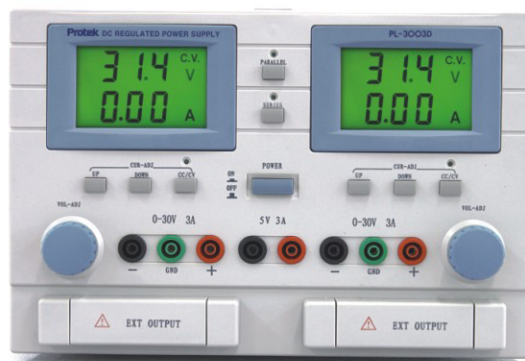

Model	PL-3003S	PL-3005S	PL-5003S
Voltage	0 to 30V	0 to 30V	0 to 50V
Current	0 to 3A	0 to 5A	0 to 3A
Display			100mV to 1mA

### Features (3003/3005 D Series)

- It adopts SMD adhesive sheet element technology
- Liquid crystal displayed voltage and current
- Liquid crystal displayed voltage and current regulation
- Wanton choice of green, yellow liquid crystal back light
- Automatic conversion of stable voltage and current
- Multi-loop type high precision voltage regulation
- Stepped current regulation
- Automatic work tracking by series or parallel connection means
- Can be full-load continuous operation
- With expansion outlet terminal

Model	PL-3003D	PL-3005D
Voltage	0 to 30V(two-way)	0 to 30V(two-way)
Current	2X3A	2X5A

### Features (3003/3005 T Series)

- It adopts SMD adhesive sheet element technology
- Liquid crystal displayed voltage and current
- Liquid crystal displayed voltage and current regulation
- Wanton choice of green, yellow liquid crystal back light
- Automatic conversion of stable voltage and current
- Multi-loop type high precision voltage regulation
- Stepped current regulation
- Automatic work tracking by series or parallel connection means
- Can be full-load continuous operation
- With expansion outlet terminal

Model	PL-3003T	PL-3005T
Dual Output	Voltage	0 to 30V
	Current	0 to 3A
Fixed Output	Voltage	5V
	Current	3A
